

Epic-Music-Therapy-Community-song

Music: Julie Ørnholt Bøtker
Lyrics: The Sheep Crew

Intro *(instrumental)*

Verse 1 Water ripples and runs through pebbles
Like music runs through our veins
Join the flow – let the feeling grow
Let it nourish seeds and grains

Part B It is your choice – just use your voice
And join the music – let's rejoice
When we're together we can never feel alone again

Interlude I *(instrumental)*

Verse 2 Come my friend – take my hand and join
Let us sing out of tune and then in key
Board the ship – sail along the coast
See the landscapes turn and return

Part B Let's dive in the ocean – swim in the sea
And let us join the community
When we're together we can never feel alone again

Let's move our world – let's whirl it around
Let's go and turn it upside down
When we're together we can never feel alone

Interlude II *(instrumental)*

Refrain E – M – T – C
We are fam'ly
A place to be
Oh – oh – oh – oh

E – M – T – C
Stand strong – proudly
Sing loud – sing free
Oh – oh – oh – oh

Solos
